

Hey Todd,

I just wanted to drop you a line and tell ya what a great time I had competing in your show. I was in the last April show as well. This seemed to run a bit smoother than last year. Every year gets better and bigger. The quality and conditioning of the guys is crazy. Many dont believe that we're all natural. I look forward to entering again soon!! I had a great experience...

Dave & Todd-

Great job again...well done!

I heard many positive comments from the athletes & fans!! What a great turnout for pre-judging & the night show!

We plan to bring a big crowd again in October...let me know if there is any other way I can help!!

Hi Dave. Just wanted to tell you how much I enjoyed competing in your show in Cleveland last weekend! It was a very well run event that surpassed all of my previous competitions-thanks for the extra effort and energy that such a quality event requires. Is it possible to get a run down on the judges comments? If so I would really appreciate it if you could forward the info I need to access them! Again thanks for giving all the athletes that competed such a great experience! Cat Axvig

Hi Dave!

Thanks for putting on yet another spectacular show! I've competed in different NPC competitions over the past 1 1/2 years, and by far yours treats the competitors THE BEST!!!

Thanks again!
