BANNED SUBSTANCE LIST:

Our competitors are strictly drug tested through urinalysis (IOC lab, "Redwood Toxicology Labs") and we test for anabolic steroids, clenbuterol and prescription/illegal diuretics. Keeping up with every legal supplement in an ever growing market would be quite an impossible task therefore we do NOT have an "official banned substance" list.

We have a space on our entries to list ALL of your LEGAL supplements you used in preparation for our competitions. ALL competitors MUST list every legal, over the counter supplement in the space provided and/or a separate piece of paper and mail in with your signed entry. PLEASE KNOW it is the athletes responsibility to know what he/she is putting into their bodies! .We spend quite a bit of money on our drug testing and needless to say, we take our testing very seriously. You CAN use any LEGAL (currently legal) supplement available (Gaspari Nutrition, Beverly International, Cellucor, BSN...ect). I strongly advise you use only our sponsors products as they are of the highest quality on the market! Sponsors logos are all entries and posters. Please support these generous companies whenever possible as they support you with backing top NPC drug tested events like ours.
